

Implementing Your Injury & Illness Prevention Program Including Hazard Communication

This free half-day course will train you in how to develop and implement an effective health and safety program at your workplace that meets the requirements of Cal/OSHA's Injury and Illness Prevention Program (IIPP) standard and the Hazard Communication standard. Attendees will receive a free guidebook, fact sheets and tools to help you write and implement your program.

Presented by a trainer from UC Berkeley's Labor Occupational Health Program.

Wednesday, May 30, 2018
1:00 PM - 5:00 PM

San Jose Educational Park Library
1772 Educational Park Drive
San Jose, CA 95133

TO REGISTER:

Complete the online form at: <http://lohp.org/iipp/>

Questions? Contact Robin Dewey at
(510) 642-2477 or rdewey@berkeley.edu

Please register by May 23, to ensure your space.

Participants will learn:

- How to meet Cal/OSHA requirements and expectations for an effective IIPP
- How to understand Safety Data Sheets
- Steps for investigating work-related accidents and injuries
- Ways to involve employees in your safety program
