

Advantages of Being a State Fund Broker

California has one of the most diverse and innovative economies in the world. We want to partner with you to protect the businesses that drive our economy forward.

We deliver high-quality broker services, including:

- 24/7 access to the most updated policy, claims, quote, and commission information
- Attractive and competitive commission plans
- A specialist approach to claims handling that is designed to provide better outcomes for injured workers and employers
- In-house legal support responsible for negotiating settlements, resolving medical liens, and finalizing cases
- Complimentary, in-house Continuing Education classes for your staff
- Regionalized senior management team for local, knowledgeable service
- The broadest underwriting appetite in the California market

We are safety experts. We provide:

- Unparalleled Safety and Health services at no additional charge
- Free web-based safety and health resources
- Tailored stewardship plans for your largest clients

We are strong, stable and secure. Our financial highlights include:

- A conservatively managed, diversified investment portfolio that yields close to 3.25 percent, with an average credit quality equivalent to a Moodys® rating of AA
- More than \$20 billion in assets

We appreciate the opportunity to serve you and your clients.
