INTRODUCTION

Internal Auditing is an independent and objective assurance and consulting activity that is guided by a philosophy of adding value to improve the operations of State Fund. It assists State Fund in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, control, and governance processes.

ROLE

The Internal Audit Department is established by the Board of Directors (hereafter referred to as the Board). The Internal Audit Department's responsibilities are defined by the Board as part of their oversight role.

PROFESSIONALISM

The Internal Audit Department will govern itself by The Institute of Internal Auditors' mandatory guidance; including the Definition of Internal Auditing, the Code of Ethics, and the International Standards for the Professional Practice of Internal Auditing (Standards). This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of internal audit's activities.

The Internal Audit Department will also adhere to the Institute of Internal Auditors' Practice Advisories, Practice Guides, and Position Papers, as applicable, to guide operations. Additionally, the Internal Audit Department will adhere to State Fund's relevant policies and procedures and the Internal Audit Procedure Manual.

The Chief Audit Executive (CAE) will report periodically to Senior Management and the Audit Committee regarding the Internal Audit Department's conformance to the Code of Ethics and the Standards.

PURPOSE & MISSION

The purpose of the Internal Audit Department is to provide independent, objective assurance and advisory services to State Fund through the evaluation of risk, internal control, and governance processes. The mission of the Internal Audit Department is to enhance and protect State Fund by providing risk-based and objective assurance, advice, and insight.

AUTHORITY

The State Fund Chief of Internal Affairs shall act in the capacity of Chief Audit Executive for the Organization. Under the direction and control of the Chief Audit Executive, the Vice President of Internal Audit and the Internal Audit Department staff are authorized to:

- Manage and conduct the internal audit activity, including determining the risk-based priorities for such activities, consistent with the organization's objectives.
- Select audit subjects, determine scopes of work, allocate resources, set frequencies, establish follow-ups on recommendations, and apply the techniques required to accomplish audit, investigation, and control objectives.
- Exercise full and unrestricted access to all functions, records, property, premises, agents, personnel, documents or information of, State Fund, that the Chief Audit Executive considers necessary for the Internal Audit Department to meet its responsibilities. Unrestricted access is subject to accountability for confidentiality and safeguarding of records and information.
- Have full and free access to the Audit Committee of the State Fund Board of Directors. The CAE and Vice President of Internal Audit will have access to the Audit Committee's members without management's presence.

- Work with personnel throughout the organization, and with external vendors, in performing Internal Audit responsibilities. All employees of State Fund are required to assist and support the Internal Audit Department in fulfilling its roles and responsibilities.

INDEPENDENCE AND OBJECTIVITY

To provide for the independence of the Internal Audit Department, its staff will report to the Vice President of Internal Audit, who reports to the Chief of Internal Affairs/Chief Audit Executive. The Chief of Internal Affairs/Chief Audit Executive reports, administratively, to the Chief Executive Officer and, functionally, to the Audit Committee. In the event one or more of the individuals in the line of authority is the target of an audit or investigation, the Internal Audit Department staff will not report to those individual(s) and may report, if necessary, directly to the Board's Audit Committee Chairperson.

The Chief Audit Executive will ensure that the Internal Audit Department remains free from all conditions that threaten the ability of internal auditors to carry out their responsibilities in an unbiased manner, including matters of audit selection, scope, procedures, frequency, timing, and report content. If the Chief Audit Executive determines that independence or objectivity may be impaired in fact or appearance, the details of impairment will be disclosed to appropriate parties.

Internal auditors will maintain an unbiased mental attitude that allows them to perform engagements objectively and in such a manner that they believe in their work product, that no quality compromises are made, and that they do not subordinate their judgment on audit matters to others.

Internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, internal auditors will not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair their judgment. These activities include:

- Performing any operational duties for State Fund or its affiliates;
- Initiating or approving transactions external to the Internal Audit Department;
- Directing the activities of any State Fund employee, ~~who is not a member of employed~~ ~~by~~ the Internal Audit Department, except to the extent that such employee has been appropriately assigned to ~~an~~ auditing team, or ~~to~~ otherwise ~~to~~ assist internal auditors;
- Assessing specific operations for which ~~they~~ ~~internal audit~~ had responsibility within the previous year.

Where the Chief Audit Executive has, or is expected to have, roles and/or responsibilities that fall outside of internal auditing, safeguards will be established to limit impairments to independence or objectivity.

Internal auditors will:
