V. EXECUTIVE SUMMARY:

State Fund’s current program, effective January 1, 2014, with respect to workers’ compensation liability for its employees contains three elements: a funded self-insured retention of \$2,000,000 (per accident or illness); a specific excess policy with statutory limits attaching at \$2,000,000; and a third party claim administration agreement. The performance to date of this program has been evaluated and found to be effective and appropriate for State Fund’s risk and risk appetite, and is thus expected to be continued in 2015. Both the excess policy and claims service agreement expire on January 1, 2015 and Risk Management recommends that the President/CEO be authorized to secure a renewal package for 2015 at terms most favorable to State Fund.

VI. ANALYSIS:

The insurance policy renewals fulfill a prime Risk Management responsibility. The following details State Fund’s current workers’ compensation insurance program for its own employees:

Self-Insured Retention: State Fund retains the first \$2 Million of liability for any occupational accident or illness.

Excess Insurance: The Excess Workers’ Compensation policy is with The Hartford and covers losses in excess of \$2 Million, up to statutory limits, for any occupational accident

or illness. The expiring policy has an estimated annual premium of \$429,498. It is anticipated that the renewal will not have a premium rate change.

Claim Service Agreement: State Fund has contracted with The Hartford to provide claims administration services. Under the current agreement, there is a \$50 case make up charge and fees are generated at a rate of 8.7% of paid losses, including loss adjustment expenses, limited to a maximum of \$21,750 per claim. As reimbursement for paid expenses is made monthly, a \$150,000 Loss Deposit will be required for the 2015 year.

VII. RECOMMENDATION:

To authorize staff to secure a renewal workers' compensation program effective January 1, 2015.
