This library contains the workers’ compensation article of the California Constitution and the State Fund governance and authorities as set forth in Chapter 4 of the California Insurance Code which comprises the State Fund Charter. Recent passage of law contained within the Charter includes:

The Legislature is hereby expressly vested with plenary power, unlimited by any provision of this Constitution, to create, and enforce a complete system of workers' compensation, by appropriate legislation, and in that behalf to create and enforce a liability on the part of any or all persons to compensate any or all of their workers for injury or disability, and their dependents for death incurred or sustained by the said workers in the course of their employment, irrespective of the fault of any party. A complete system of workers' compensation includes adequate provisions for the comfort, health and safety and general welfare of any and all workers and those dependent upon them for support to the extent of relieving them from the consequences of any injury or death incurred or sustained by workers in the course of their employment, irrespective of the fault of any party; also full provision for securing safety in places of employment; full provision for such medical, surgical, hospital and other remedial treatment as is requisite to cure and relieve from the effects of such injury; full provision for adequate insurance coverage against liability to pay or furnish compensation; full provision for regulating such insurance coverage in all its aspects, including the establishment and management of a State compensation insurance fund; full provision for otherwise securing the payment of compensation; and full provision for vesting power, authority and jurisdiction in an administrative body with all the requisite governmental functions to determine any dispute or matter arising under such legislation, to the end that the administration of such legislation shall accomplish substantial justice in all cases expeditiously, inexpensively, and without incumbrance of any character; all of which matters are expressly declared to be the social public policy of this State, binding upon all departments of the State government.

The Legislature is vested with plenary powers, to provide for the settlement of any disputes arising under such legislation by arbitration, or by an industrial accident commission, by the courts, or by either, any, or all of these agencies, either separately or in combination, and may fix and control the method and manner of trial of any such dispute, the rules of evidence and the manner of review of decisions rendered by the tribunal or tribunals designated by it; provided, that all decisions of any such tribunal shall be subject to review by the appellate courts of this State. The Legislature may combine in one statute all the provisions for a complete system of workers' compensation, as herein defined.

The Legislature shall have power to provide for the payment of an award to the state in the case of the death, arising out of and in the course of the employment, of an employee without dependents, and such awards may be used for the payment of extra compensation for subsequent injuries beyond the liability of a single employer for awards to employees of the employer.

Nothing contained herein shall be taken or construed to impair or render ineffectual in any measure the creation and existence of the industrial accident commission of this State or the State compensation insurance fund, the creation and existence of which, with all the functions vested in them, are hereby ratified and confirmed.

§ 11770. Continuation of the Fund; Board of Directors; Composition; Terms; Compensation; Training; Eligibility; Removal; Committees

The board of directors may, with the approval of the State Treasurer, authorize the establishment of an account or fund in the State Treasury in the name of the State Compensation Insurance Fund, but such moneys deposited with the State Treasurer are not state moneys within the intent of Section 16305.2 of the Government Code.

§ 11800.2. Special ledger account

The State Controller shall keep a special ledger account pertaining to the State Compensation Insurance Fund. In the State Controller's general ledger this account may appear as a cash account, like other accounts of funds in the State Treasury, and only the actual cash credited or deposited to the credit of the State Compensation Insurance Fund shall be entered in the account.

§ 11801. United States Longshoremen's and Harbor Workers' Act transactions; Exemption from liability

The assets, premiums, reserves, investment income, and any and all property of whatsoever kind derived or acquired by the fund from its transaction of its workers' compensation insurance business shall not be used, attached or levied upon in any manner whatsoever by any person to satisfy claims or any other obligations or liability incurred, arising out of, or related to, the fund's transaction of insurance pursuant to the United States Longshoremen's and Harbor Workers' Act.

§ 11802. Separate accounts and records for transactions under United States Longshoremen's and Harbor Workers' Compensation Act

§ 11804. Costs of shared space and equipment

The State Compensation Insurance Fund shall report annually to the Legislature as soon after the close of the calendar year as is feasible, with respect to its experience handling United States longshoremen's and harbor workers' insurance pursuant to this chapter, including, but not limited to, a statement of resources and liabilities at the close of each annual period commencing December 31, 1979.

§ 11820. Establishment of rates

Subject to the provisions of Article 2 (commencing with Section 11730) of Chapter 3, the board of directors shall establish the rates to be charged by the State Compensation Insurance Fund for insurance issued by it. These rates shall be fixed with due regard to the physical hazards of each industry, occupation, or employment.

§ 11821. Elements to be considered in establishing rates

Within each class of business insured such rates shall be fixed, so far as practicable, in accordance with the following elements:

- (a) Bodily risk or safety, or other hazard of the plant, premises or work of each insured employer.
- (b) The manner in which the work is conducted.
- (c) A reasonable regard for the accident experience and history of each such insured.
- (d) A reasonable regard for the insured's means and methods of caring for injured persons.

Such rates shall take no account of the extent to which the employees in any particular establishment have or have not persons dependent upon them for support.

§ 11822. Basis

The rates fixed by the board of directors shall be that percentage of the payroll of any employer which, in the long run and on the average, will produce a sufficient sum, when invested in a way as to realize the maximum return consistent with safe and prudent management practices:

- (a) To carry all claims to maturity. The rates shall be based upon the "reserve" and not upon the "assessment" plan.
- (b) To meet the reasonable expenses of conducting the business of the fund.

Nothing in this chapter shall prevent:

§ 11843. Coverage of employers

§ 11860. Report; Audit

Each quarter the president of the State Compensation Insurance Fund shall make a report to the Governor of the business done by the State Compensation Insurance Fund during the previous quarter and a statement of the fund's resources and liabilities at the close of that previous quarter. The State Compensation Insurance Fund shall, at its own expense, hire a recognized firm of certified public accountants to audit annually the books and records of the State Compensation Insurance Fund and cause an abstract summary thereof to be published one or more times in at least two newspapers of general circulation in the state. The president of the fund shall additionally provide the commissioner with all reports required by law to be made to him or her by other insurers.

§ 11870. Coverage of state and political subdivisions

The state, any agency, department, division, commission, board, bureau, officer or other authority thereof, and each county, city and county, city, school district, irrigation district, any other district established by law, or other public corporation or quasi public corporation within the state, including any public utility operated by a private corporation may insure against its liability for compensation with the State Compensation Insurance Fund. Where the state or any agency, department, division, commission, board, bureau, officer or authority thereof is the insured, the premium for that insurance shall be a proper charge against any moneys appropriated for the support of or expenditure by the insured, except that in the case of an insured supported by or authorized to expend moneys appropriated out of more than one fund, the insured, with the approval of the Director of Finance, may determine the proportion of the premium to be paid out of each fund. In that case the insured, with the approval of the Director of Finance, may pay the entire premium out of any of those funds and thereafter the funds used for payment shall be reimbursed in proper proportion out of the other funds. In case a county, city and county, city, school district, irrigation district, or other district established by law, or other public corporation or quasi public corporation within the state is the insured, the premium therefor shall be a proper charge against the general fund of the insured.

The State Compensation Insurance Fund may enter into a master agreement with the Department of Human Resources to render services in the adjustment and disposition of claims for workers' compensation to any state agencies, including any officer, department, division, bureau, commission, board or authority, not insured with the fund.

The master agreement shall provide for rendition of services at a uniform rate to all agencies, except that the rate for the California Highway Patrol may be fixed independently of the uniform rate.

Appendix I – State Compensation Insurance Fund Charter – California Constitution and California Insurance Code Statutes

The fund may, in accordance with the agreement, adjust and dispose of claims for workers' compensation made by an officer or employee of any state agency not insured with the fund.

The fund may make all expenditures, including payment to claimants for medical care or for adjustment or settlement of claims, necessary to the adjustment and final disposition of claims. The agreement shall provide that the state agency whose officer or employee is a claimant shall reimburse the fund for the expenditures and for the actual cost of services rendered.

The fund may in its own name, or in the name of the state agency for which the services are performed, do any and all things necessary to recover on behalf of the state agency for which it renders service any and all amounts which an employer might recover from third persons under Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 of the Labor Code, or which an insurer might recover pursuant to Section 11662 including the right to commence and prosecute actions, to file, pursuant to Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 of the Labor Code, liens for whatever sums would be recoverable by suit against a third person, to intervene in other court proceedings, and to compromise claims and actions before or after commencement of suit or after entry of judgment when in the opinion of the fund full collection cannot be enforced.

§ 11872. Agreements with state agencies for service to be rendered to the Fund

The fund may annually enter into agreements with state agencies for service to be rendered to the fund. These state agencies include, but shall not be limited to: the Department of Finance, Department of General Services, State Personnel Board, and the Public Employees' Retirement System. If these agencies and the fund cannot agree upon the cost of services provided by the agreements, the California Victim Compensation and Government Claims Board shall be requested to arrive at an equitable settlement.

§ 11873. Application of certain Government Code provisions to the Fund

(a) Except as provided by subdivision (b), the fund shall not be subject to the provisions of the Government Code made applicable to state agencies generally or collectively, unless the section specifically names the fund as an agency to which the provision applies.

(b) The fund shall be subject to the provisions of Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of, Chapter 6.5 (commencing with Section 8543) of Division 1 of Title 2 of, Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, the Government Code, and Division 5 (commencing with Section 18000) of Title 2 of the Government Code, with the exception of all of the following provisions of that division:

§ 11880. Misrepresentation; Criminal penalties

(a) It is unlawful to make or cause to be made any knowingly false or fraudulent statement, whether made orally or in writing, of any fact material to the determination of the premium, rate, or cost of any policy of workers' compensation insurance issued or administered by the State Compensation Insurance Fund for the purpose of reducing the premium, rate, or cost of the insurance. Any person convicted of violating this subdivision shall be punished by imprisonment in a county jail for one year, or pursuant to subdivision (h) of Section 1170 of the Penal Code for two, three, or five years, or by a fine not exceeding fifty thousand dollars (\$50,000), or double the value of the fraud, whichever is greater, or by both that imprisonment and fine.

That authorized sale or other disposition shall be transacted with an entity that the director, in consultation with the State Treasurer, determines will provide the best combination of each of the following:

(c) Notwithstanding any other law, the process for sale or other disposition shall include the steps the director, in consultation with the State Treasurer, deems necessary or convenient to achieve the ends set forth in this section. The process shall include, but not necessarily be limited to, all of the following:

§ 11885.7. Deposit of proceeds

(b) The proceeds of any sale of, or any funds achieved through any other disposition of, the State Compensation Insurance Fund's workers' compensation insurance assets and liabilities are not "proceeds of taxes" as that term is used in subdivision (c) of Section 8 of Article XIII B of the California Constitution. Section 14838 of the Government Code and Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code do not apply to any agreement entered into by the director with advisers pursuant to this section.

The notice shall include a description of the advisory services required, the selection criteria on which the contract award will be based, submission requirements and deadlines, and a Department of Finance contact name and telephone number for more information. A copy of the Notice of Request for Qualifications shall be provided to the Joint Legislative Budget Committee within seven days of publication in the State Contracts Register.

(d)

(1) After the final response date stated in the Notice of Request for Qualifications, the Director of Finance, in consultation with the State Treasurer, shall review the responses submitted, and shall evaluate them using the criteria contained in the notice. Appendix I – State Compensation Insurance Fund Charter – California Constitution and California Insurance Code Statutes

(e)

(1) Following the interviews, if any, held pursuant to subdivision (d), the Director of Finance shall adjust the ranking of the qualified individuals or firms to reflect those firms or individuals deemed to be the most highly qualified to perform the required services.

(2) The Director of Finance, in consultation with the State Treasurer, shall enter into negotiations with the firm or individual most highly ranked pursuant to paragraph (1). If negotiations are concluded successfully, the director shall enter into a contract. If the director, in his or her sole discretion, concludes that the negotiations are unsuccessful, the director shall terminate the negotiations, and begin new negotiations, in consultation with the State Treasurer, with the other firms or individuals ranked pursuant to paragraph (1) in order of their ranking, and either contract with or terminate negotiations with each next most highly ranked firm or individual.

(3) If, after pursuing the negotiation process set forth in paragraph (2), the Director of Finance has been unable to negotiate a satisfactory contract at fair and reasonable compensation, the director may reinstate the selection process prescribed in this section, commencing with the issuance of a new Notice of Request for Qualifications.
