VI. ANALYSIS: The following summarizes compliance related activity for the period and is in alignment with State Fund’s Compliance Framework¹:

Clear Written Standards of Conduct, Policies & Procedures

A. New Legislation

a. SB 396 (Lara) – Transgender Work Opportunity Act

Bill amends the Government and Unemployment Insurance Codes² to:

- Prohibit employment discrimination based on gender orientation;
- Require biennial sexual harassment supervisor training to include training related to gender identity and expression, and sexual orientation; and
- Require display of the Department of Fair Employment and Housing’s (DFEH) poster about transgender rights in employee locations.

¹ All Governance reports are grounded in State Fund’s Compliance Framework – resource USSG Ch. 8 Part B2.1(b)

²CA Gov’t Code §§ 12950 & 12950.1 and CA Unemployment Insurance Code §§ 14005 & 14012

b. Operational Impact

- Post the new DFEH poster in all locations where employee notices are maintained
- Review the Code of Conduct and Corporate Policies for compliance with SB 396
- Assure 2019 supervisor anti-harassment training contains the required gender orientation components.

B. 2017 Own Risk and Solvency Assessment (ORSA) Report

State Fund submitted its ORSA report, as attested by the Chief Risk Officer, to the California Department of Insurance on November 28, 2017³.

As allowed under the Insurance Code⁴, the ORSA report will be referenced in State Fund's Corporate Governance Annual Disclosure due June 30, 2018.

C. Digital Millennium Copyright Act (DMCA) Agent Registration⁵

The DMCA provides safe harbor protections against copyright infringement liability for online service providers. The U.S. Copyright Office (Office) requires entities that allow, or plan to allow, website users to generate or post information on their websites to re-register their DMCA agents with the Office by December 31, 2017.

State Fund's external website⁶ has the functionality for its blog to allow outside users to post material. The Governance Office registered as the designated agent on December 28. The designation mitigates the risk State Fund could be held liable for infringing content posted by third parties.

Operational Impact:

- Update the website to include the DMCA and agent contact information
- Review the Intellectual Property Policy and incorporate the new requirement.

Oversight, Accountability, and Resources

State Fund's *Compliance Framework (Framework)* reflects State Fund's commitment to be an honest, legally compliant, and responsible organization. The *Framework* aligns with the United States Sentencing Guidelines' (USSG) seven essential elements of an effective compliance and ethics program⁷:

- Oversight, Accountability & Resources
- Standards of Conduct, Policies, & Procedures
- Effective Training, Communications, & Awareness
- Consistent Monitoring, Evaluation & Reporting
- Due Care in Delegating Authority

³ ORSA report pursuant to Cal. Insurance Code § 935.1

⁴ Corporate Governance Annual Disclosure pursuant to Cal. Insurance Code §§ 936.1 et seq.

⁷ USSG Ch. 8 Part B2.1(b)

- Consistent Promotion & Enforcement
- Risk Assessment, Response, Continuous Improvement, & Auditing

To assist the Board in overseeing the execution of the *Framework*, a series of questions to ask, arranged by the Guidelines' seven elements, has been compiled in Appendix II for reference and use.

Effective Training, Communication, and Awareness

2017 Compliance Training

Goal: *Achieve 98% Workforce compliance rate (100 percent consultants and 98 percent employee) for the organization's mandatory training.*

Goal met. Ninety-nine percent active employee and one hundred percent contingent worker compliance was achieved for 2017 mandatory compliance training.

Consistent monitoring, evaluation & reporting

Ethics and Privacy Reported Issues

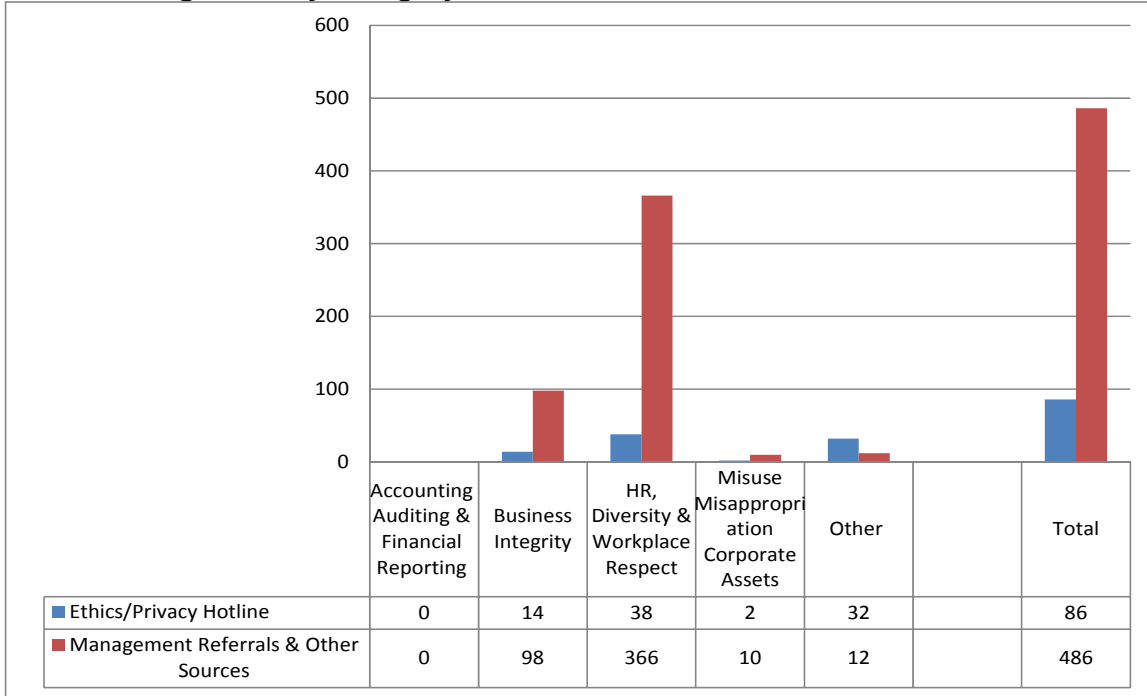

Analysis 2017 vs 2016

A change in reporting data elements occurred in 2017. Performance issues were excluded from total number of reports. To perform a year-to-year comparison, 2016's total number of reports was adjusted to exclude performance related issues (801-236=565). Total adjusted number of reports in 2016 is 565.

Key Findings

- Hotline reports increased by 21% in 2nd half (47) compared to 1st half of 2017 (39).
 - Increase is attributed to the April 2017 message published to the organization about State Fund's hotline as a safe zone.
- Human Resources (HR) related issues continue to be the most reported category (71%; 404/572).
 - This trend continues to align with other industries which collectively reported that 72% of all referrals were HR related (2017 Navex Global Ethics & Compliance Benchmark Report).
