

Fall Farm & Cotton Harvest Safety Training

This annual safety training program is directed towards cotton harvest equipment operators, crews and farm employees in conjunction with farm managers/supervisors and growers. Attendees will learn about topics required for growers including: road safety, equipment & chemical safety, and electrical safety. Family Healthcare Network will be on hand from 7:30 – 8:00 a.m. to provide free health screenings for participants. Lunch will be provided for those who register in advance. Certificates of attendance will be issued.

This training will be held in both English and Spanish.

**Wednesday, September 20, 2017
8AM-12PM**

Registration from 7:30-8AM

Kings County Fairgrounds
801 10th Avenue
